RECEATIONAL AIRCRAFT AIRWORTHINESS NOTICE

AIRWORTHINESS NOTICE IDENTIFICATION NUMBER – 090324-1

Temporary Restriction of Turbulence Entry Speed for Urban Air Lambada Aircraft

To: All owners and operators of Urban Air Lambada Aircraft

Background: A recent incident overseas where a Lambada aircraft was operated at a turbulence entry speed in excess of 97 knots caused severe handling problems resulting in the deployment of the ballistic parachute.

Action Required: All Urban Air Lambada aircraft are limited to a speed of 90 (Ninety) knots maximum. (This limitation is imposed until clarification can be obtained from the manufacturer regarding the previous occurrence).

Reports Required: Nil

Stephen Bell
Technical Manager

**Defect Reporting is one of the primary ways we have in ensuring
continued safety in our operations.**
