3/1 Pirie Street  
Fyshwick ACT 2609

## **TRANSFER OF A VH REGISTERED AIRCRAFT TO THE AUF REGISTER**

To register with the AUF the following is required:

- A copy of the CASA "de-registration Certificate" as proof of de-registration from the Australian Register.
- A copy of the aircraft's C of A
- A copy of the Load Data Sheet from the flight Manual
- A copy of the most recent maintenance release (the part showing current serviceability)
- A copy of the parts of the CASA approved flight manual showing the Max Take off Weight of the aeroplane (must be less than 544kg) and that its  $V_{so}$  (stall speed in the landing configuration) is less than 45kt CAS (This is located at about page 28 in something like para 5.1 of the AFM)
- A recent photograph (annotated on the back that it is a true photograph of the aeroplane and the date on which it was taken)
- A completed Aircraft Condition Statement.

A completed application form and payment is also required.

If the above documentation is received here together with the appropriate application form and is in order, the actual transfer can be effected very quickly – same day as the CASA certificate of de-registration is received.
